

Attention FDA

00 APR -6 P138

It came to my attention that the FDA is being asked to take away my right to sign a medical waiver before purchasing a hearing aid. Instead I would be forced to have a medical exam or hearing test. Here's my views and/or experiences on several related questions?

1. Should I be forced to have a medical exam and/or hearing test before purchasing a hearing aid? If so, should the FDA pay for the exam?

no & yes they should pay for the hearing aid too.

2. Some people are physically unable to drive to a doctor or hearing specialist, or have had bad experiences they don't want to repeat. For instance ...

If the Government would keep its nose out of people's lives & run the Government they were elected for it would be a better world

3. Should the FDA take away my Constitutional Right, affirmed by the Supreme Court, to decide for myself my medical exams and treatment?

They are trying to take away every right you are supposed to have. like your guns so they can make it a slave state

4. Should I be allowed to purchase hearing aids by mail as I choose?

I should be able to buy anything I want that's available thru the mail & to deal with this big brother stuff
